

aboutGOLF

EVERY SWING MATTERS

aboutGOLF is shaping the future of indoor golf performance. While taking on challenges presented by a new wave of golf enthusiast, aG is making it possible for even the most avid golfers to both get instant access to the game they love and the performance needed to improve.

ANY TIME

Rain or snow, aboutGOLF indoor is the solution. Not able to travel across the world to some of the most luxurious courses, aG is here to transform you into another location.

ANY PLACE

Sail to a new location and track your data through aG Data powered by aG Links, jump between indoor facilities. With aG the options for staying connected are endless.

ANY ONE

From the newest novice to the most elite professionals worldwide, aG has a level, course, game, to fit any one.

THE AG DIFFERENCE

DESIGNED FOR YOUR SPACE

All designs are 100% created to fit your needs, space, and aesthetics for a one-of-a-kind experience. aG is not your typical simulator, we do not sell in the same space as our competitors—we exceed it. Work closely with our design team to build your unique experience.

UNMATCHED TECHNOLOGY

As a software focused company, we believe in creating the best technology in the industry. With over 25 years in the golf simulator business, we are dedicated to the pursuit of perfecting indoor golf and complimenting the outdoor game.

TRUSTED BY THE BEST

aboutGOLF understands world-class brands, technology and performance. Our deep roots as the world's number one all-time distributor of computer golf simulation software, have given way to revolutionary technology.

CONFIGURED TO FIT YOUR NEEDS

Whether you are a golf enthusiast or professional, you are looking for new ways to experience the game. Whether you are an instructor, business owner, or manager of an indoor golf center, you are looking to connect with your consumers to provide new services that can delight them and drive your businesses to higher levels. aboutGOLF works with you to create the right solution to achieve your goals.

1 INDOOR GOLF CENTERS

The aG experience provides endless revenue generating capabilities; host events, run in-game advertising, manage fundraisers, and more.

2 GOLF CLUBS

aboutGOLF provides your club members with on-demand indoor course options for any season, with the ability to render your course.

3 HOTELS, RESORTS & CRUISE LINES

Whether its business travelers or casual weekenders, your guest are looking to escape, relax, and enjoy each moment of their stay.

4 RESTAURANTS & BARS

aboutGOLF is your customers' entertainment center. Create a fully integrated brand and entertainment experience that will increase repeat business.

5 UNIVERSITY & COLLEGE

Give your athletes the advantage they deserve. aboutGOLF features and training programs help turn bogeys into birdies, supporting year-round training for you athletes.

6 EVENT RENTALS

The aG experience provides endless revenue generating capabilities; host events, run in-game advertising, manage fundraisers, and more. Boost customer satisfaction and increase repeat business ventures.

AG HOME

aboutGOLF simulators are custom designed to provide a high-end theater-quality experience. Not only can you improve your game, your simulator can be your gathering place, your clubhouse, or family time.

PLATFORM FOR THE MODERN GOLFER

aboutGOLF is the exclusive, best of the best, option for in-home golf performance. With aboutGOLF, powered by aG Links, your home is transformed into the golf course of your dreams—travel to Scotland in a matter of minutes and then quickly move to San Diego for a round at Torrey Pines.

YOUR HOME COURSE

aboutGOLF is great for all ages, bring the family and entertainment back into the living room. With aG Links, you have more than the best golf simulator worldwide, you are also immersed with a number of interactive games, media options, split screen play, and more. The true digital software platform to enhance your living space.

BEYOND THE SIMULATOR

AG LINKS

aG Links is the launching pad for aboutGOLF design, delivering new experiences for the modern golfer. "Linking" all innovation, courses, and player stats in one location. With aG Links, your game goes beyond the simulator.

aG Links powers everything aboutGOLF including our custom golf software, aG Locker, aG Bar Games, and more. A digital platform with realistic game play, high performance physics, and custom designed courses to make every indoor experience feel like your own personal golf club.

PICK A FACILITY

CLASSIC

Just like the name states, the Classic has a traditional simulator layout and provides a truly classic golf experience. It is sized and priced as an ideal solution for any customer type, including retail, indoor golf centers, homes, golf courses or academies.

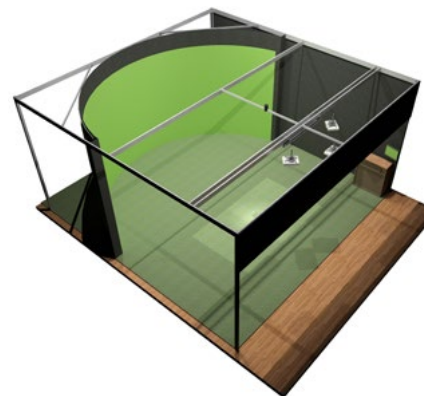

IMPACT

Designed to fit into smaller spaces without making sacrifices in playability, the Impact is ideal when space is limited. All the same great features in a smaller footprint, made possible by a double-sided hitting configuration.

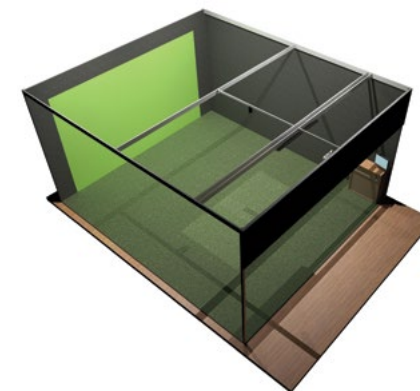

CURVE

Our most versatile and dynamic simulator option, defining the far-reaches of immersive technology. This system's infinite possibilities in simulator width, arc length, curve depth, and peripheral view make it flexible enough to fit most spaces.

WIDESCREEEN

Ideal for integration into a home theater, the Widescreen provides the optimal experience for cinema, gaming or golf. Multi-purpose entertainment is taken to new heights with the stunning image of the Widescreen.

THE AG CLUB CARD

We designed a free membership for the new generation of players who embrace indoor golf as their primary golf experience. Powered by aG Links, users can keep track of all their personal golf data. These users do not own the aG platform but have access to one.

AG PLAYERS CARD

Paid tier that includes aG Links platform and integration of media, social, games, and more. The players membership will enable premium services including golf club services, merchandise and discounts, indoor lessons, and a variety of entertainment experience.

AG TOUR CARD

The ultimate golf membership for the golfer who demands the best. Members can play alongside their favorite pros on the same courses seeing how they stack up against the best. Preferred members will also have access to all content available from aboutGOLF making this the premier package available. No restrictions and no compromises.

GAME CHANGING ADD-ONS

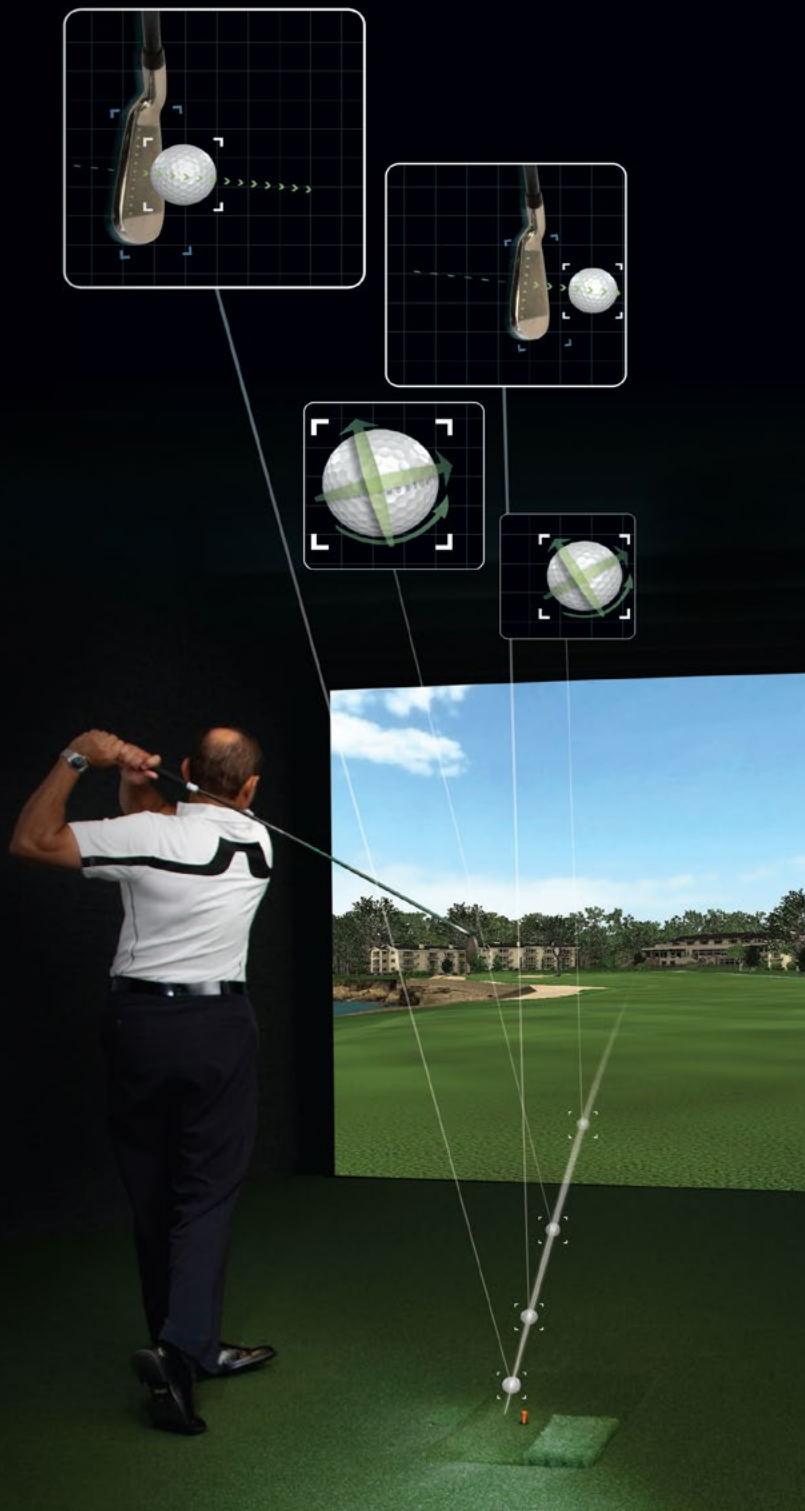

aG Simulators provide almost every piece of data and information a person could ask for, for each and every shot. Each of the technologies is world-class by themselves, but when put together they become the best indoor golf environment on the planet.

3TRAK

aboutGOLF Simulators are powered by 3Trak®; aboutGOLF's patented, three-dimensional, high-speed camera and tracking system. 3Trak® machine vision technology extracts every bit of usable data from dozens of images per shot. It provides accurate ball and club data on any type of shot regardless of speed, spin or launch angle. The shot is then replicated in the simulator using advanced flight and terrain physics allowing you to see and play the shot as if you were outdoors. The result is the most realistic indoor golf experience possible.

AG BALANCE PRO

aG Balance Pro is the world's leading golf balance and weight measurement system. Using a patented platform that is hidden under the playing surface, the technology independently measures the weight of each foot in real time as it shifts during the swing without influencing the golfer's environment. This technology is used by leading instructors around the world to help the very best golfers improve and understand their game.

AG FLIX

aG Flix is a world-class video recording system that incorporates up to five color or monochrome cameras that simultaneously record your swing. aG Flix creates an unparalleled indoor instruction and video environment that does not wash out the simulator's projected image. Now it is possible to see your shot shape and performance indoors while also reviewing high speed quality color images of your actual swing.

AG DATA

Create an online profile where all your customers shots, scorecards, videos, and balance data are automatically uploaded to their private locker in the cloud. Online lockers can be used by instructors to remotely review progress and provide guidance. Remote lessons are possible with commercially available tools where an instructor can remotely control the simulator. Now golfers can efficiently use their time on the simulator to practice, and analyze their data from the comfort of their home.

ag Data allows golfers to review their data from the convenience of their home or office. Players create a profile and password for secure log in on any simulator as well as the aboutGOLF website (agdata.aboutGOLF.com) to access their profile data. Shots at the practice range are saved under the players profile allowing them to compare each shot in a number of different formats

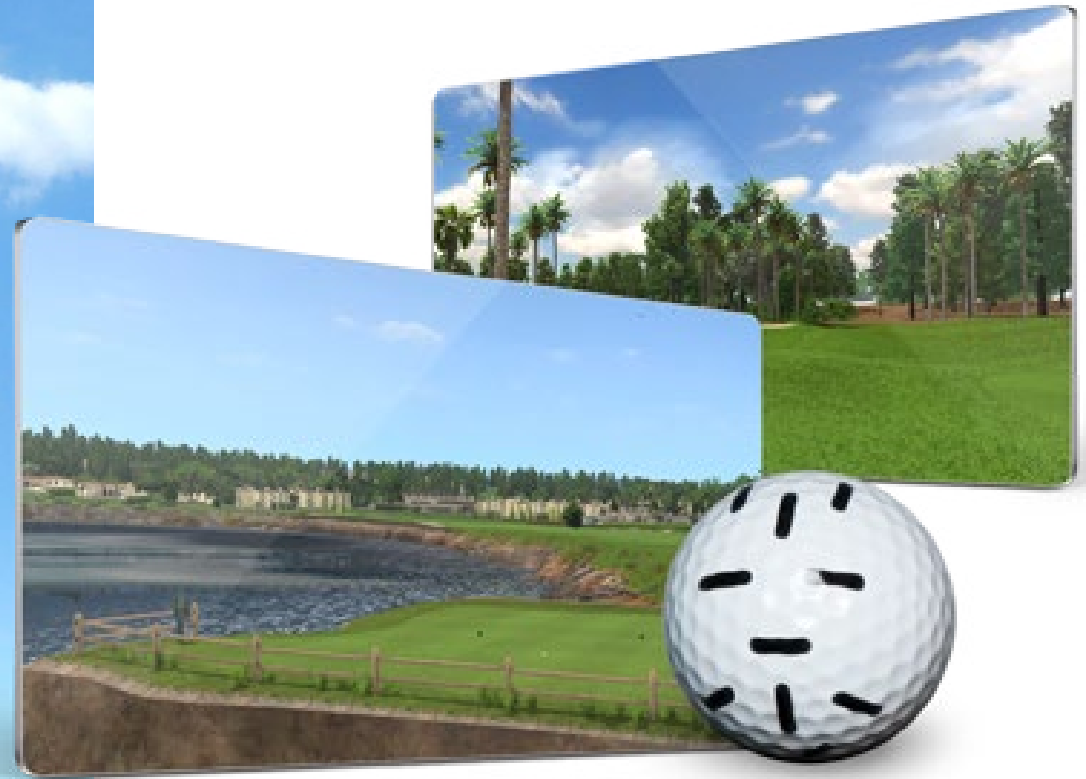

AG GAMES

The aG Games platform features aboutGOLF's classic closest-to-the-pin and longest drive contests, updated to be points based with available AdKit software. Also included are mini golf, golf arcade games and 1000+ challenge events (sand, water & obstacles). aboutGOLF's "Short Course Masters" Par 2 competition mode allows any hole on select courses to be played from 20 up to 100 yards. Use aG Games for family entertainment, introducing young golfers to the game and for new and exciting ways to approach game improvement.

HOLE IN ONE!

COURSES YOU KNOW, ACCURACY YOU CAN TRUST.

AG COURSES

aboutGOLF offers over 75 playing options from around the globe, rendered with unmatched accuracy. Our basic membership includes locations such as Bay Harbor, Myrtle Beach, and Casa de Campo, while our premium membership include additional courses such as Bethpage Black, Spyglass Hill, and St. Andrews. Our courses including terrain, trees and foliage are all real three-dimensional objects. If you hit them with a golf ball they will impact your play just like outdoors. aboutGOLF provides an environment that is as real as modern technology allows.

FIND YOUR FOCUS

aboutGOLF is committed to providing an unparalleled experience to our customers. Making the best golf simulator in the world is only the beginning. We employ knowledgeable individuals to support our customers from the design process through using the simulator on a daily basis. Our customer service team is available to answer questions and upgrade systems to ensure that our customers are having the best aboutGOLF experience possible.

We are passionate about golf, particularly indoor golf. It is our intention to continue to invest in that experience, making it rival the outdoor game in every way possible. With a strong commitment to research and development, we continue to invest in new technologies, add new games and courses, and develop new software. New and existing customers can be assured that their simulator will always remain exciting. Come join us and experience aboutGOLF!
